*****MEDIA ALERT*****

**LOGICLIBRARY'S BRENT CARLSON TO HIGHLIGHT BENEFITS
OF DESIGN-TIME SOA GOVERNANCE AT
BURTON GROUP CATALYST CONFERENCE**

*Prominent Industry Expert Invited to Discuss the Value of Implementing Governance at
the Start of SOA Initiatives*

PITTSBURGH—June 8, 2006—LogicLibrary®, the leader in design-time service-oriented architecture (SOA) governance and software reuse, today announced that Brent Carlson, vice president of technology and co-founder, will be a featured speaker on the SOA Governance panel at Burton Group's upcoming Catalyst Conference. Carlson, who has been recognized twice by *InfoWorld* in its prestigious ranking of "Top CTOs" for his expertise and vision in software development, will discuss the importance of implementing configurable governance processes at the outset of an SOA initiative.

Who: Brent Carlson, vice president of technology and co-founder, LogicLibrary
What: SOA Governance Panel
Moderated by Anne Thomas Manes, vice president and research director,
Burton Group
Event: Burton Group Catalyst Conference
When: Thursday, June 15, 2006
11:15 a.m. PDT
Where: Hilton Hotel, San Francisco

LogicLibrary is at the forefront of the SOA Governance market. LogicLibrary's flagship product, Logidex, is a design-time repository/registry that makes it possible for global customers to properly manage SOAs and to ensure that business services are effectively reused. In addition to its governance capabilities, Logidex enables developers to respond quickly to changing market conditions and, in the process, drive revenue for the organization.

Renowned for its high profile speakers, the Burton Group Catalyst Conference features advice from Burton Group analysts and consultants, strategies from leading technology providers and best practices from global enterprises. The conference focuses on relevant technology and architecture issues facing today's enterprise. Catalyst Conference will be held June 14-16 at the Hilton Hotel in San Francisco.

About Brent Carlson

Brent Carlson, vice president of technology and co-founder, LogicLibrary, Inc. drives the development and delivery of LogicLibrary's products. Recognized in consecutive years in *InfoWorld's* prestigious ranking of the Top CTOs in business, Carlson spent 17 years at IBM, where he served as lead architect for the WebSphere Business Components project and held numerous leadership roles on the "IBM San Francisco Project." He is the co-author of two books: *San Francisco Design Patterns: Blueprints for Business Software* and *Framework Process Patterns: Lessons Learned Developing Application Frameworks*. Carlson is a frequent presenter at industry conferences, including the 2006 Global Integration Summit, Web Services EDGE East 2005, Software Architecture Summit 2005, Enterprise Architect Summit 2004, Java Pro Live! 2004, Microsoft Tech-Ed 2004, Microsoft PDC 2003, IBM Rational Software Development User Conference 2004, regional user groups and Microsoft Architect Council meetings. Carlson holds 16 software patents, with eight more currently under evaluation.

About LogicLibrary

LogicLibrary is the leading provider of software and services that make it possible for enterprises to manage and reuse SDAs. The company's patent-pending technology provides a comprehensive and collaborative approach for creating, migrating and integrating enterprise applications for use in service-oriented architecture, Web services and other software development initiatives.

LogicLibrary has been positioned in the "Leader" quadrant in Gartner Inc.'s 2H05 to 1H06 Magic Quadrant for Metadata Repositories* and maintains strategic partnerships with Microsoft, as a Premier member of the Visual Studio Industry Partner (VSIP) program, IBM, as an Advanced PartnerWorld Partner, and Serena. LogicLibrary has been recognized for three consecutive years on the SD Times 100 list of leaders and innovators in the software development industry and has integration partnerships that include Microsoft, IBM, Eclipse and Borland. LogicLibrary is headquartered in Pittsburgh, with an additional office in Rochester, MN. For more information, visit <http://www.logiclibrary.com>.
