**LOGICLIBRARY TO LEAD DISCUSSIONS ON SOA GOVERNANCE AT
UPCOMING INDUSTRY EVENTS**

*Executives from Design-time SOA Governance Leader to Speak at SD Best Practices and
Serena XChange*

PITTSBURGH—September 8, 2006— LogicLibrary®, the leader in design-time service-oriented architecture (SOA) governance and software reuse, today announced that Brent Carlson, vice president of technology and co-founder, will be a featured speaker at Serena XChange 2006 on Monday, September 11. Carlson and Ashley Owen, director of ALM product management at Serena Software, will host a session titled “SOA Governance and Change Governance.” Effective governance is necessary to realize the promises of SOA—application development agility and cost savings through reuse.

Who: Brent Carlson, vice president of technology and co-founder, LogicLibrary and Ashley Owen, director of ALM product management, Serena Software
What: “SOA Governance and Change Governance”
Event: Serena XChange 2006 Global User Conference
When: Monday, September 11, 2006
2 pm PDT
Where: Bellagio, Las Vegas, Nevada

Also on Monday, September 11, Mary Dangler, director of professional services at LogicLibrary, will lead a Birds-of-a-Feather session on design-time SOA governance at SD Best Practices. Dangler will explore the challenges associated with SOA implementation and governance, including best practices for managing services throughout their lifecycle, aligning IT with high-level business processes and understanding which principles and tools support SOA governance.

Who: Mary Dangler, director of professional services, LogicLibrary
What: “Best Practices for Design-Time SOA Governance”
Birds-of-a-Feather session
Event: SD Best Practices 2006
When: Monday, September 11, 2006
7:30 p.m. - 9:00 p.m. EDT

Where: Hynes Convention Center, Boston, Massachusetts

About LogicLibrary

LogicLibrary is the leading provider of software and services that make it possible for enterprises to manage and reuse software development assets. The company's patented technology provides a comprehensive and collaborative approach for creating, migrating and integrating enterprise applications for use in service-oriented architecture, Web services and other software development initiatives.

LogicLibrary has been positioned in the "Leader" quadrant in Gartner Inc.'s 2H05 to 1H06 Magic Quadrant for Metadata Repositories* and maintains strategic partnerships with Microsoft, as a Premier member of the Visual Studio Industry Partner (VSIP) program, IBM, as an Advanced PartnerWorld Partner, and Serena. LogicLibrary has been recognized for three consecutive years on the *SD Times* 100 list of leaders and innovators in the software development industry and has integration partnerships that include Microsoft, IBM, Eclipse, BEA and Borland. LogicLibrary is headquartered in Pittsburgh, with an additional office in Rochester, MN. For more information, visit <http://www.logiclibrary.com>.
